

```
}  
var vm = new Vue({  
  el: '#app',  
  data: {},  
  methods: {},  
  router,  
  watch: {  
    //  
    '$route.path':function(newval,oldval){  
      // console.log(newval+ "----"+oldval);  
      if(newval == '/login'){  
        console.log("进入了登陆页面");  
        console.log(this.$route.path);  
      }else{  
        console.log("进入了注册页面");  
        console.log(this.$route.path);  
      }  
    }  
  }  
});
```
