

```
function extend(Target, Origin) {  
    function F() {}  
    F.prototype = Origin.prototype;  
    Target.prototype = new F();  
    Target.prototype.constructor = Target;  
    Target.prototype.uber = Origin.prototype;  
}
```

```
/*  
 * 取消鼠标右键的默认事件  
 */  
box.oncontextmenu = function () {  
    return false;  
}
```

```
con = document.createElement('div');  
    con.classList.add('block');  
    con.setAttribute('id', i + '-' + j);  
    box.appendChild(con);
```

```
dom.classList.contains('isLei')
```
